Homeless people die from illnesses that affect everyone frequently without health care.

Homeless people die from exposure, unprotected from the heart and cold.

Homeless people die from violence, often in unprovoked hate crimes.

Health care is a human right.

Housing is a human right.

The First Day of Winter. The Longest Night of the Year.

Join us on Wednesday, December 21 at 5pm for a brief memorial event in Remembrance of those who have died in the past year from causes directly Related to homelessness. As the economy weakens, increased numbers of people have become homeless and many more are at risk.
