

## United Way Leadership Award

This person an employee of Mercer Alliance to End Homelessness and a friend and supporter of United Way's initiatives, has through the years, demonstrated that no matter how big or tedious her job may be, she is able to get it done in an expeditious and professional manner.

She has used her work style, professionalism, straight talk methods and charm to work and achieve goals that have benefitted the organization, individuals and community organizations in Mercer County.

We have seen first hand how her work with community initiatives she's been able to complete them with ease and in a timely manner. She has used this style of professionalism to become an effective leader who is well respected in Mercer County. She expects only quality results for the task's she undertakes, provides her suggestions as necessary, takes no for an answer and does so with a smile. 😊

Her work with the Point-in Time count is just one of the many examples of successes she has accomplished. It is for this reason that we would like to present Tarry Truitt the United Way leadership award for her efforts.
