NATIONAL LOW INCOME HOUSING COALITION

2016 NEW JERSEY HOUSING PROFILE

New Jersey

Senators: Cory Booker and Robert Menendez

Many renters in New Jersey are extremely low income (ELI), i.e. households with income less than the poverty guideline or 30% of area median income (AMI), whichever is higher. Across the state, there is a deficit of rental homes both affordable and available to ELI households, many of whom face significant housing cost burdens.
